Official statement

Rostock, den 13.07.2017

Dear parents in Serbia,

We are proud to inform you that Seracell has become part of the Vita 34 family, the most experienced and largest stem cell bank in the German speaking countries. More than three decades of combined experience of Seracell and Vita 34, in field of stem cell cryopreservation, will provide all our clients an undisputed service.

Vita 34 will proceed the successful operative business from Seracell and Seracell will continue the cooperation with partner in Serbia and other European countries.

The contractual storage of existing stem cell depots is of course continued and secured in the long term. The contract that you have closed with CORD iPS, the exclusive partner of Seracell in Serbia, remains unchanged. All agreements and prices listed in your contract will remain as agreed. Therefore, all Seracell contracts are fully valid and there is no need for any modifications or amendments. Nothing changes for you.

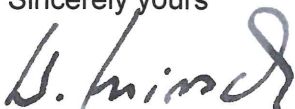

All new clients who decide to store umbilical cord blood of their child in Seracell will get the highest level of quality in processing and storage.

This is a big step forward for all of us in Vita 34 family and Seracell clients in Serbia.

Thank you for your trust. If you will have any further questions feel free to contact at any time our official Seracell partner in Serbia CORD iPS.

We wish you carefree pregnancy and parenting,

Sincerely yours

Dr. Wolfgang Knirsch,
CEO Seracell Pharma AG
